The 2025 Spring HTS

Highlights In Transplantation Sciences

Paris, Novotel Paris Centre Tour Eiffel • March 27-28, 2025

Steering Committee

Julien Branchereau
Lionel Couzi
Jerome Dumortier
Antoine Durrbach
Eric Epailly
Nassim Kamar
Hannah Kaminski
Christophe Mariat
Edouard Sage
Laurent Sebbag
Antoine Sicard
Jean Luc Taupin
Olivier Thauinat
Julien Zuber

Innovative diagnostics and treatments of infections in transplantation

Thursday, March 27

13H30 Welcome address

TRANSPLANT HEPATITIS: UNUSUAL PATHOGENS

Chairs: Jérôme Dumortier, Alessandra Mazzola

13H45-14H15

Metagenomic evaluation of indeterminate hepatitis in immunocompromised patients
Jacques Fourgeaud (Paris)

14H15-14H45

Enterovirus associated hepatitis
Bénédicte Neven (Paris)

14H45-15H15

Viral hepatitis transmitted by the donor (B, C, E)
Nassim Kamar (Toulouse)

15H15-15H30

Clinical case: Spiroplasma hepatitis with metagenomic diagnosis
Imane Fährat (Dijon)

15H30-16H00

Round table

Jacques Fourgeaud, Bénédicte Neven, Nassim Kamar, Imane Fährat

16H00-16H30 Coffee Break

CMV: WHEN A BIG VIRUS TURNS INTO A BIG PROBLEM

Chairs: Danielle Bensousan, Julie Merville

16H30-17H00

Resistant and refractory CMV

Manuel Joseph Oriol (Lausanne, Switzerland)

17H00-17H30

From a better understanding of the host-virus relationship in SOT to diagnostic and therapeutic perspectives
Martina Sester (Hambourg, Germany)

17H30-18H00

Preclinical stage therapy: Gamma Delta T-cells for CMV disease

Lionel Couzi (Bordeaux)

18H00-18H45

CMV-specific T-cell therapy

Rajiv Khanna (Brisbane, Australia)

18H45-19H00

Round table

Manuel Joseph Oriol, Martina Sester, Lionel Couzi, Rajiv Khanna

Friday, March 28

PHYSIOPATHOLOGY OF THE IMMUNE RESPONSE TO BETTER HAND-UP INFECTIOUS DISEASES

Chairs: Sophie Candon, Julien Zuber

8H15-8H45

From pathophysiology to diagnostic and therapeutic perspectives for EBV and HHV
David Boutboul (Paris)

8H45-9H15

Divergence HLA / immunopeptidomes and BK virus after transplantation
Sophie Caillat Zucman (Paris)

9H15-9H45

Vaccination, physiopathology and strategies in immunocompromised patients
Jean-Daniel Lelièvre (Paris)

9H45-10H15

Round table

David Boutboul, Sophie Caillat Zucman, Jean-Daniel Lelièvre

10H15-10H45 Coffee Break

ENCEPHALITIS IN IMMUNOCOMPROMISED PATIENTS: WHAT'S NEW?

Chairs: Jean-Paul Stahl, Pierre Tattevin

10H45-11H15

Pegivirus: a case series

Marie-Bénédicte Lestang (Paris)

11H15-11H45

Diagnosis of indeterminate encephalitis in immunocompromised patients
Marion Le Maréchal (Grenoble)

11H45-12H30

Innovative therapies in infectious encephalitis in immunocompromised patients
Irene Cortese (Bethesda, USA)

12H30-13H00

Round table

Marie-Bénédicte Lestang, Marion Le Maréchal, Irene Cortese

13H00 Closing remarks

Hannah Kaminski (Bordeaux)
